Request for Quotation – Drum Twister 2200

Aymen Boudjelida <aymene16boudjelida@gmail.com>

À info

lun. 11 août 14:14

This is Mr. Boudjelida Aimen, engineer / approved expert at the company EURL ETIB. We would like to request an estimated quotation for the **Drum Twister 2200**, with the following equipment:

- Fork-type rotating payoff motorised reel reels 1600 x 1180 x 6T
- Hydraulic lifting table
- Single wheel-type rotating counter bore, diameter 70 mm
- Dynamic tangential driven payoff
- Motorised payoff with 3 positions
- Heavy-duty stranding block with one lay plate
- Inductive sensor/electronics for wire break detection and braking plate/pulleys
- Outer guiding pulleys for 60 wires
- Armouring block for 60 steel wires
- Concentric taping head 500 for pad with inner diameter of minimum 100 mm
- Concentric taping head 500 for pad with inner diameter of minimum 100 mm
- Rotating pulling caterpillar
- Underroller-type rotating takeup reels 2200 x 1500 x 10T
- Hydraulic lifting table
- Set of one video camera and LCD colour screen for traverse monitoring
- Electrical control for the complete line with Siemens PLC S7 and 12" colour touch screen
- Checking of installation and commissioning
- Spare parts

Best regards,
Boudjelida Aimen
